

RED DRAGON

Red Dragon is a robust and full fruit flavoured tisane. Among its ingredients are three berries - blackberries, strawberries and redcurrants - along with apples, hibiscus and rose petals.

Tasting Notes Red Dragon fruit tisane makes a deep red infusion with a rounded fruit taste. This is a wonderfully robust tisane with gorgeous aroma that stands up well to sweet and strong tastes and is great with rich cakes or biscuits and as an after dinner infusion. Sugar or honey can be added.
