

Travelling to Speciality & Fine Food Fair in the event of a tube strike

There is a planned 24 hour tube strike on Monday 6th September from 17.00pm, which could affect your journey to and from the show on **Tuesday 7th September**. To make your journey planning to Olympia as easy as possible, please find below information on alternative routes to the show from all mainland train stations.

Should the strike go ahead, the Fair is still easy to get to by public transport in the form of buses or trains. However, it is not uncommon for a tube strike to be called off at the last minute, and we will update this information should the strike be cancelled.

Maintenance and engineering staff intend to walk out for 24 hours at 1700 on 6 September and other workers, including Tube drivers, signallers and station staff, will strike for 24 hours from 2100 on 6 September.

For live information on the best route to get to the show visit www.tfl.gov.uk/journeyplanner and use the journey planner.
